**MOOD:**  embarrassed

**MUSIC:** Marc Cohen - Walking in Memphis

How come Unca Duke gets his own room, and I have to share with a giant cowboy?

Also, I bet  [trollcatz](https://trollcatz.livejournal.com/) (<https://trollcatz.livejournal.com/>) and Wonder Woman are both better roomies, and don't hog the shower or use up all the towels. I could share with one of them!

(Can you believe they let us out on our own recon? Maybe Duke is supposed to spy on us and report back.)

## Three things!

Yes, baking with your hands is more fun. And the results have a better texture, and taste better.

Stay safe out there, guys<sup>1</sup>!

1 "guys" is generic for people of either/any gender

So you're saying I get the better roommate by virtue of gender discrimination?

Well, it's not like there's anything other than Victorian shortsightedness that would make anybody think this arrangement is somehow less prone to impropriety than boy-girl, boy-girl. (Not that I am accusing any of my coworkers of impropriety leanings!)

Besides, the Cowboy snores. I think he should sleep with Duke, because Duke sleeps like a reporter.

Or he could bunk with Wonder Woman, and I could bunk with Duke--hey, that gives you a room of your own.

Sneaky! And here I thought you were angling to take my place in Wonder Woman's affections.

Well, I was. But I'll settle for a private room. ;-)

Rank Hath Its Privileges.

Besides, if I have to sleep with the cowboy, that puts you in with Dad, when feasible.
